Last Question Back of the Ballot

Question 5 has been **endorsed by Mayor Martin J. Walsh** and hundreds of community organizations, small businesses, labor unions, faith leaders, elected officials and others. If passed, **YES on 5 will generate \$20 million annually** to improve our neighborhoods with the average homeowner paying \$24 per year. **Many low-income homeowners, seniors and tenants will pay nothing at all.**

The Boston Globe

"On a crowded ballot, Question 5 is worthy of attention and support... The breadth of the coalition behind Question 5 proves this is the right time to do the right thing for Boston."
