Such option may be exercised only by written notice signed by a designated representative of the department or its assignee, mailed to the owner by certified mail at such address as may be specified in his notice of intention and recorded with the registry of deeds or the registry district of the land court of the county in which the affected real property is located, within the option period. An affidavit before a notary public that the notice of intent was mailed on behalf of the owner shall conclusively establish the manner and time of the giving of the notice, but the affidavit, and the notice that the option will not be exercised shall be recorded with the registry of deeds or the registry district of the land court of the county in which the affected real property is located. Each notice of intention, notice of exercise of the option and notice that the option will not be exercised shall contain the name of the record owner of the land and description of the premises to be sold or converted adequate for identification thereof. Each such affidavit before a notary public shall have attached to it a copy of the notice of intention to which it relates. The notices of intention shall be deemed to have been duly mailed to the parties above specified if addressed to them in care of the keeper of records for the party in question.

The time periods may be extended by mutual agreement between the department or its assignee and the owner of the property; provided, however, that any such extension agreed upon shall be recorded in the registry of deeds or the registry district of the land court of the county in which the affected real property is located. Within a reasonable time after request, the owner shall make available to the department or its assignee any information, which is reasonably necessary for the department to exercise its rights. Such use restrictions shall be recorded in the registry of deeds or the registry district of the land court wherein the land lies.

(e) The owner of property subject to a UCH-TIF plan shall certify to the
city or town the income of the families or occupants, upon initial occupancy, of the affordable housing units designated in the UCH-TIF agreement and such certification shall be provided to the department on an annual basis. If the owner fails to provide certification or otherwise fails to comply with the UCH-TIF agreement, including failing to maintain the affordability of housing units assisted under this section, the city or town may place a lien on the property in the amount of the real estate tax exemptions granted pursuant to the UCH-TIF agreement for any year in which the owner is not in compliance with this subsection. If the city or town determines, with the approval of the department of housing and community development, that the owner is unlikely to come into compliance with the affordability requirements of subclause (3) of clause (v) of subsection (a), the city or town may place a lien on the property in the amount of the total real estate tax exemption granted pursuant to the UCH-TIF agreement. (b) The city or town shall adopt a development program for each development district. The program shall be adopted at the same time as the district, as part of the district adoption proceedings or, if at a different time, in the same manner as adoption of the district, with the same certification requirements of subsection (a). Once approved, the program shall be altered or amended only after meeting the requirements for adoption.

(c) Within development districts and consistent with the development program, the city or town may acquire, construct, reconstruct, improve, preserve, alter, extend, operate, maintain or promote development intended to

6. make relocation payments to persons, businesses or organizations that may be displaced as a result of carrying out the development program;

Section 3. (a) The city or town may retain all or part of the tax increment of an invested revenue district for the purpose of financing the development program. The amount of tax increment to be retained shall be determined by designating the amount of captured assessed value to be retained. When a development program for an invested revenue district is adopted, the city or town shall adopt a statement of the percentage of captured assessed value to be retained in accordance with the development program. The statement of percentage may establish a specific percentage or percentages or may describe a method or formula for determination of the percentage. The assessor shall certify the amount of the captured assessed value to the city or town each year.

(b) On or after the formation of an invested revenue district, the assessor of the city or town in which it is located shall, on request of the city or town, certify the original assessed value of the taxable property
within the boundaries of the invested revenue district. Each year, after the formation of an invested revenue district, the assessor of the city or town shall certify the amount by which the assessed value has increased or decreased from the original value.

(c) If a city or town has elected to retain all or a percentage of the retained captured assessed value under subsection (a), the city or town shall:

1. establish a development program fund that consists of: (i) a development sinking fund account that is pledged to and charged with the payment of the interest and principal as the interest and principal fall due and the necessary charges of paying interest and principal on any notes, bonds or other evidences of indebtedness that were issued to fund or refund the costs of the development program fund; and (ii) a project cost account that is pledged to and charged with the payment of project costs as outlined in the financial plan and paid in a manner other than as described in subclause (i).

2. set aside annually all tax increment revenues on retained captured assessed values and deposit all such revenues in the appropriate development program fund account in the following priority:

3. to be permitted to make transfers between development program fund accounts as required; provided, however, that the transfers shall not result in a balance in the development sinking fund account that is insufficient to cover the annual obligations of that account; and

4. annually return to the general fund of the city or town any tax increment revenue in excess of those estimated to be required to satisfy the obligations of the development sinking fund account.

Section 4. (a) A city or town may, by a two-thirds vote as defined in
section 1 of chapter 44, authorize, issue and sell bonds including, but not limited to, general obligation or revenue bonds or notes, to finance all project costs needed to carry out the development program within a development district. Without limiting the generality of the foregoing, such bonds may be issued for the payment of project costs, which may include interest before and during the carrying out of a project and, for a reasonable time thereafter, such reserves as may be required by any agreement securing the bonds and all other expenses incidental to planning, carrying out and financing the project.

(b) The bonds of each issue shall be dated and may be made redeemable before maturity with or without premium. Subject to the authorizing vote, the officers authorized to sell the bonds shall determine: the date of the bonds which shall mature within 30 years from their respective dates; their denomination; the place of payment of the principal and interest, which may be at a bank or trust company within or without the commonwealth; their interest rate; maturity; redemption privileges, if any, and the form and other details of the bonds. Notwithstanding a municipal charter or any general or special law to the contrary, bonds issued hereunder may provide for annual or more frequent installments of principal in equal, diminishing or increasing amounts with the first installment of principal to be due at any time within 5 years after the date of issuance of the bonds and, subject to the authorizing vote, may provide for such rates of interest as the officers authorized to sell the bonds shall deem proper, including rates variable from time to time as determined by such index, banker's loan rate or other method as may be specified in such bond. The bond shall be signed by the mayor or city manager as the case may be of a city or by a majority of the board of selectmen or town council of a town either manually or by facsimile thereof. Any coupons attached thereto shall bear the facsimile signature of the city or town treasurer.

(c) If an officer whose signature, or a facsimile of whose signature, shall appear on any bonds, coupons or notes issued under this chapter shall cease to be such officer before the delivery thereof, his signature or facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery.
(d) The bonds shall be issued in registered form. Subject to the authorizing vote, the officers authorized to sell the bonds may sell the bonds in such manner, either at public or private sale, and for such price as they may determine shall best effect the purposes of this chapter.

(e) Before the preparation of definitive bonds, the city or town may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. Provision may be made for the replacement of any bonds that shall have become mutilated or shall have been destroyed or lost.

(f) Bonds or notes issued hereunder may be secured in whole or in part by letters or lines of credit or other credit facilities. An insurance letter or line of credit or credit facility may provide for reimbursement to be made over a period of time, not to exceed 2 years, beyond the maturity date of the bonds or notes so secured.

(g) In the discretion of the officers authorized to sell the bonds but subject to the vote authorizing the bonds, bonds issued hereunder may be secured by trust agreements between the city or town and a corporate trustee, which may be a trust company or bank having the powers of a trust company within or without the commonwealth. A trust agreement hereunder shall be in such form and executed in such manner as may be determined by such officers. A trust agreement may pledge or assign project revenue, in whole or in part, and may provide that the owner or holder of bonds issued thereunder may have a lien or mortgage on a facility acquired, improved or constructed with the proceeds of the tax increment bonds, may contain provisions for protecting and enforcing the rights, security and remedies of the bondholders as may be reasonable and proper and not in violation of the law including, without limiting the generality of the foregoing: provisions defining defaults and providing for remedies in the event thereof, which may include the acceleration of maturities, and covenants setting forth the duties of, and limitations on, the city or town in relation to carrying out and otherwise administering the projects; the custody, safeguarding, investment and application of project revenues; the issuance of additional bonds hereunder; the determination of tax
increments; the fixing of fees and charges, if any, in relation to the projects; the collection of project revenues; the use of any surplus bond proceeds; the establishment of reserve and the replacement of bonds or coupons which shall become mutilated, destroyed or lost. Subject to this chapter, moneys subject to the trust agreement shall be held, invested and applied as provided therein, but moneys not deposited in trust with a corporate trustee shall be in the custody of the city or town treasurer.

(h) A bank or trust company may act as a depository or trustee of proceeds of bonds or of other monies under a trust agreement and furnish such indemnifying bonds or pledge securities required by the trust agreement. Any such trust agreement or resolution may set the rights and remedies of the bondholders and of the trustees and may restrict the individual right of action by a bondholder. All expenses incurred in carrying out the trust agreement or resolution may be treated as operating expenses.

(i) Notwithstanding chapter 106 or any other general or special law to the contrary: (1) any pledge hereunder shall be valid and binding and shall be deemed continuously perfected from the time it is made; (2) no filing shall be required under said chapter 106 or otherwise; (3) unless otherwise provided in the financing instruments, a pledge of project revenues shall be deemed to include a pledge of any accounts or general intangibles from which such revenues are derived whether existing at the time of the pledge or thereafter acquired by the city or town and the proceeds of such accounts or general intangibles; and (4) the pledged project revenue accounts and general intangibles shall be subject to the lien of the pledge without delivery or segregating and the lien of the pledge shall be valid and binding against all parties having claims in contract, tort or otherwise against the city or town.

(j) A pledge of project revenues under this chapter shall constitute a sufficient appropriation thereof for the purposes of any provision for appropriation and such revenues may be applied as required by the pledge without further appropriation. Notwithstanding this subsection, administrative expenses shall be subject to appropriation.

(k) In anticipation of the issuance of bonds under this chapter and
subject to the vote authorizing the bonds, the officers authorized to sell bonds may without further authorization issue temporary notes. The notes may be secured as in the case of bonds, and except as otherwise provided in this section, subsections (i), (k), (l) and (n) referring to bonds shall also be deemed to refer to the notes. The notes shall not require the seal of the city or town or a facsimile thereof. The notes shall be payable within 2 years from their respective dates, but the principal of and interest on notes issued for a short period may be refunded from time to time by the issuance of other notes maturing within 2 years from the original date of issuance of the indebtedness being refunded.

(I) A city or town may, when authorized by a majority vote as defined in section 1 of chapter 44, issue refunding bonds for the purpose of paying any of its bonds issued hereunder at maturity or upon acceleration of redemption. The refunding bonds may be issued at such time prior to the maturity or redemption of the refunded bonds as the city or town deems to be in the public interest. The refunding bonds may be issued in sufficient amounts to pay or provide the principal of the bonds being refunded, together with any redemption premium thereon, any interest accrued or to accrue to the date of payment of the bonds, the expense of issuance of the refunding bonds, the expenses of redeeming the bonds being refunded and such reserves for debt service or other purposes from the proceeds of such refunding bonds as may be required by an agreement securing the bonds. The issuance of refunding bonds, the maturities and other details thereof, the security thereof, the rights of holders thereof and the rights, duties and obligations of the city or town with respect thereto shall be governed by this chapter relating to the issuance of bonds other than refunding bonds insofar as the same may be applicable.

(m) The bonds and notes issued under this chapter shall not at any time be included in the debt of the city or town for the purpose of ascertaining its legal borrowing capacity. Except as otherwise provided in this chapter, such bonds and notes shall not be subject to chapter 44.

(n) Subject to an agreement securing bonds or notes issued under this chapter, the proceeds of bonds or notes pledged for tax increments and other
project revenues may be deposited or invested in such investments as may be lawful for fiduciaries in the commonwealth.

(o) All project revenues received pursuant to this chapter shall be deemed to be trust funds to be held and applied solely as provided in this chapter.

(p) A holder of bonds or notes issued under this chapter, or of any of the coupons appertaining thereto, and the trustee under any trust agreement securing the same, except to the extent the rights herein given may be restricted by an agreement securing the same, may bring suit upon the bonds, notes or coupons and may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce all rights under the laws of the commonwealth or granted under this chapter or under any such agreement and may enforce or comply with the performance of all duties required by this chapter or by an agreement to be performed by the city or town or by any officer thereof.

(q) Bonds and notes issued under this chapter shall be securities in which insurance companies, trust companies, banking associations, savings banks, cooperative banks, investment companies, executors, trustees and other fiduciaries and all other persons whatsoever who are or may hereafter be authorized to invest in bonds or notes or other obligations of a similar nature may properly and legally invest funds, including capital deposits or other funds in their control and belonging to them. The debt obligations shall be securities which may properly and legally be deposited with and received by a state or municipal office, agency or political subdivision of the commonwealth for any purpose for which the deposits of bonds or other obligations of the commonwealth may now or hereafter be authorized by law.

(r) Notwithstanding this chapter or any recitals in any bonds or notes issued under this chapter, all bonds and notes shall be deemed to be investment securities under chapter 106.

(s) The bonds and notes issued under this chapter, their transfer and the income therefrom, including any profits made on the sale thereof, shall be at all times free from taxation within the commonwealth.

The commissioner of revenue shall investigate and study the economic impact on each city and town of the tax exemption granted to nonprofit, charitable and educational institutions including, but not limited to, private secondary schools, under clause Third of section 5 of chapter 59 of the General Laws. The study shall include an assessment of the amelioration afforded to the respective city or town of any payments in lieu of taxes made by respective charitable organizations within each jurisdiction and an assessment of the property taxes that would be owed to the city or town if the tax exempt status of the charitable organization were terminated. The commissioner shall report the findings of this study to the legislature's joint committee on taxation not later than December 31, 2003; provided, that the commissioner of revenue shall consult with any mayor or town manager who hosts a private college in their community and the Massachusetts Municipal Association when conducting this study.

SECTION 113. The legislative body in a city or town that has not accepted section 73 of chapter 4 of the acts of 2003 may vote to establish a municipal tax amnesty program under said section 73, and may vote to extend the amnesty period until a date not later than June 30, 2004. The legislative body of a city or town that has accepted said section 73 may vote to extend the amnesty period until a date not later than June 30, 2004.
SECTION 114. (a) A city or town (1) in Barnstable, Dukes or Nantucket County, (2) that has a municipal light department or plant or that owns the poles and wires, and (3) that accepts this section as provided in subsection (b), may incur debt under section 8 of chapter 44 of the General Laws for 10 years, for the underground utility construction necessary to provide replacement facilities for poles and overhead wires and associated overhead structures removed pursuant to an ordinance or by-law adopted under section 22D of chapter 166 of the General Laws.

(b) The local appropriating authority, as defined in section 21C of chapter 59 of the General Laws, may submit to the voters at any city or town election the following question, which the city or town clerk shall cause to be printed on the municipal ballot: "Shall (the city or town) accept the law that allows (the city or town) to incur debt for certain underground utility construction?" If a majority of the votes cast on this question is in the affirmative, the city or town shall have accepted this section, but not otherwise.

SECTION 115. (a) Notwithstanding chapter 32 of the General Laws or any other general or special law to the contrary, the state retirement board, shall establish and implement a retirement incentive for certain employees of the abolished Essex county, hereinafter referred to as the retirement incentive program, in accordance with this section. In order to be deemed eligible by said board for any of the benefit options under this retirement incentive program, an employee: (i) shall be an employee of the commonwealth at the Essex county sheriff's department on the effective date of this act; (ii) shall be a member in active service of the state retirement system on the effective date of this act; (iii) shall be classified in Group 1, 2 or 4 of said retirement system in accordance with clause (g) of subsection (2) of section 3 of chapter 32 of the General Laws; (iv) shall be eligible to receive a superannuation retirement allowance in accordance with subdivision (1) of section 5 of said chapter 32, or subdivision (1) of section 10 of said chapter 32 upon the date
of retirement requested in his written application for retirement with said board; (v) shall have filed a written application with the board in accordance with paragraph (b).

The total number of eligible employees who may receive the benefit of the retirement incentive program shall be limited to 40. Employees with the greater number of years of creditable service on the effective date of this act shall be approved by the state retirement board before approval may be given to employees with a lesser number of years of creditable service on the effective date of this act. The application filed for retirement under this act may be delivered in person or by mail to the state retirement board. No employee shall be eligible for more than 1 incentive by virtue of the application of a different incentive.

Words used in this section shall have the same meaning as they are used in said chapter 32 unless otherwise expressly provided or unless the context clearly requires otherwise. An employee who retires and receives an additional benefit in accordance with this section shall be deemed to be retired for superannuation under said chapter 32 and shall be subject to all of said chapter 32.

(b) Notwithstanding any provision of section 5 of said chapter 32 that requires a retirement date within 4 months of the filing of an application for superannuation, in order to receive the retirement benefit provided by this section, an eligible employee shall file his application for retirement with the state board of retirement after July 15, 2003 and not later than August 15, 2003. All applicants must be retired no later than September 30, 2003.

(c) An employee who is eligible for the retirement incentive program may request in his application for retirement that the state board of retirement credit him with an additional retirement benefit in accordance with this paragraph. Each such employee shall request and receive a combination of years of creditable service and years of age, the sum of which shall not be greater than 5 years, for the purposes of determining his superannuation retirement allowance pursuant to paragraph (a) of subdivision (2) of section 5 of chapter 32 of the General Laws. Notwithstanding the credit, the total normal yearly
amount of the retirement allowance, as determined in accordance with said section 5 of said chapter 32, of any employee who retires and receives the retirement incentive program benefit shall not exceed 80 per cent of the average annual rate of his regular compensation as determined in accordance with said section 5 of said chapter 32.

(d) For a married employee who retires and receives an additional benefit under this section, an election of a retirement option under section 12 of said chapter 32 shall not be valid unless (i) it is accompanied by the signature of the member's spouse indicating the spouse's knowledge and understanding of the retirement option selected; or (ii) a certification by the state board of retirement that the spouse has received notice of such election as provided in this section. If a member who is married files an election which is not signed by the spouse, the state board of retirement shall notify the member's spouse within 15 days by registered mail of the option election and the election shall not take effect until 30 days after the date on which the notification was sent, any such election may be changed by the member at any time within 30 days or at any other time permitted under said chapter 32. Nothing in this section shall affect the effective date of any retirement allowance but, in the event of any election having been filed which is not so accompanied, the payment of any allowance so elected shall not be commenced earlier than 30 days after the state board of retirement sends the required notice.

(e) The state board of retirement shall provide retirement counseling to employees who choose to consider retiring or who choose to retire under the retirement incentive program. Such counseling shall include, but not be limited to, the following: (i) a comparison of the expected lifetime retirement benefits provided by this section; (ii) a comparison of the expected lifetime retirement benefits payable to an employee under the retirement incentive program and under the existing chapter 32 of the General Laws; (iii) the election of a retirement option under section 12 of said chapter 32; (iv) the restrictions on employment after retirement; (v) the laws relative to the payment of the cost-of-living adjustments to the retirement allowance; and (vi) the effect of federal and state taxation on retirement income. The group
insurance commission shall provide counseling about the provision of health care benefits under chapter 32A of the General Laws. Each such employee shall sign a statement that he has received the counseling or that he does not desire to receive the counseling prior to the approval by the state board of retirement of such employee's application for superannuation benefits and the additional benefit provided by this section. Pursuant to section 98 of said chapter 32, the state treasurer may make advance payments in an amount not to exceed any retirement allowance actually due to an employee who is eligible for and who has filed an application for retirement under the retirement incentive program and who does not receive a retirement allowance within 90 days after submitting a retirement application, during such period as is necessary for the processing of the application for retirement.

(f) The sheriff may fill a position vacated as a result of an applicant's participation in the retirement incentive program if said sheriff determines that the position is vital to the public health, public safety or other critical operations of the commonwealth and Essex county sheriff's department. The total annualized cost of regular compensation paid out by the commonwealth in fiscal year 2004 for refilled positions in the Essex county sheriff's department shall not exceed 20 per cent of the total annualized cost of regular compensation which would have been paid out by the commonwealth during fiscal year 2004 for the positions vacated in the Essex county sheriff's department pursuant to the retirement incentive program had such positions not been vacated; provided, further, that the total annualized cost of regular compensation paid out by the commonwealth in fiscal 2005 for refilled positions in the Essex county sheriff's department shall not exceed 20 per cent of the total annualized cost of regular compensation which would have been paid out by the commonwealth during fiscal year 2005 for the positions vacated in the Essex county sheriff's department pursuant to the retirement incentive program had such positions not been vacated.

(g) The comptroller, in conjunction with the state board of retirement, shall certify to the house and senate committees on ways and means by September 26, 2003 the total value of compensation of the last pay period prior to August
by line item, of each individual that has enrolled in the retirement incentive program.

(h) The executive director of the public employee retirement administration commission shall analyze, study and evaluate the costs and actuarial liabilities attributable to the additional benefits payable in accordance with this section. Said commission shall file a report with the secretary of administration and finance, the joint committee on public service and the house and senate committees on ways and means on or before December 31, 2003.

(i) The Essex county sheriff's department shall submit to the house and senate committees on ways and means a report detailing the amounts of sick and vacation time accrued for each employee.

(j) Notwithstanding any general or special law or collective bargaining agreement or other employment contract to the contrary and in consideration of the benefits conferred in this section, an employee who elects to retire under this section and is eligible to receive a payment in lieu of accrued vacation time, unused sick leave or other benefit under such agreement or contract shall waive the required remittance of that payment within 30 days and shall receive 1/3 of such payment upon retirement in 2003, 1/3 of such payment on July 1, 2004 and 1/3 on July 1, 2005. Each employee shall sign a statement that he has agreed to receive said scheduled payments prior to the approval by the state board of retirement of the employee's application for superannuation benefits and the additional benefit provided by this section. The state board of retirement shall deny an application for early retirement under this section by an employee who belongs to a bargaining unit for which a collective bargaining agreement inconsistent with this paragraph is in effect at the time of that application, unless the employee organization representing that employee has filed with said board and with the secretary of administration and finance a statement waiving any such provision of the agreement on behalf of all members of the bargaining unit who file applications under this section.

SECTION 116. (a) (1) Notwithstanding chapter 32 of the General Laws or
any other general or special law to the contrary and upon the acceptance of
this section on or before November 1, 2003 by the legislative and executive
authorities within a city, town or county or an authority or district within a
city, town or county or regional retirement system, this section shall apply to
an eligible employee who: (i) shall be an employee of the city, town, county,
authority or district and an active member in service of the appropriate city,
town, county or regional retirement system or shall be an employee of a
regional school district and an active member in service of the state
retirement system, but not a member of the state teachers' retirement system or
Boston teachers' retirement system on the date of the regional school
district's acceptance of this section or on the date of the city, town, county,
authority or district's acceptance of this section; (ii) shall be eligible to
receive a superannuation retirement allowance in accordance with subdivision
(1) of section 5 of said chapter 32 or subdivision (1) of section 10 of said
chapter 32 upon the effective retirement date specified in his written
application to the retirement system; (iii) shall have filed a written
application with the retirement system in accordance with paragraph (7); and
(iv) shall be classified in Group 1, Group 2 or Group 4 in accordance with
clause (g) of subdivision (2) of section 3 of said chapter 32. If the
legislative authority in a town fails to accept this section by October 1,
2003, then the executive authority in a town may accept this section without
the approval of the legislative authority. Notwithstanding the notice
provisions in section 10 of chapter 39 of the General Laws or any other general
or special law to the contrary, at least 7 days notice shall be given of any
special town meeting that may be called in pursuance of a warrant to accept
this section. Notwithstanding said section 10 of said chapter 39, or any other
general or special law to the contrary, the selectmen shall call such special
town meeting, upon request in writing of 200 registered voters or by 10 per
cent of the total number of registered voters of the town, whichever number is
lesser, and such meeting shall be held not later than 30 days after the receipt
of such request.

Notwithstanding this section or any general or special law to the
contrary, the legislative and executive authorities within a city, town, county or regional retirement system may designate the departments which the early retirement incentive program shall apply.

(2) For the purposes of this section, "legislative authority" shall mean a town meeting in a town or in a town having a town council form of government, the town council or the town meeting if the town council so deems, the city council subject to its charter in a city and the county advisory board in a county other than the counties of Suffolk, Nantucket and Barnstable, in which cases the county commissioners shall serve as the legislative authority, the governing body of the authority in an authority and the district meeting in a district, except for a regional school district, in which case the regional district school committee shall be the legislative authority, and "Executive authority" shall mean the board of selectmen in a town, the mayor in a city, the county commissioners in a county, the governing body of the authority in an authority and the district meeting in a district, except for a regional school district in which case the regional district school committee shall be the executive authority. Any additional retirement benefits provided by this section for employees of regional school districts who are active members in service of the state retirement system shall be funded by the appropriate regional school districts. The early retirement incentive program shall be administered by the appropriate city, town, county, state or regional retirement system and each system shall promulgate regulations to implement the program.

(3) Notwithstanding said chapter 32 to the contrary, the normal yearly amount of the retirement allowance for an eligible employee shall be based on the average annual rate of regular compensation as determined under paragraph (a) of subdivision (2) of section 5 of said chapter 32 and shall be computed according to the table contained in said paragraph (a) based on the age of such member and his number of years and full months of creditable service at the time of his retirement increased either by adding up to 5 years of age or by adding up to 5 years of creditable service or by a combination of additional years of age and service the sum of which shall not be greater than 5, but the
executive authority in a city, town, county, authority or district may limit
the amount of additional credit for service or age or a combination of service
or age offered. The executive authority in a city, town, county, authority or
district may limit the total number of employees for whom it will approve a
retirement calculated under this section or the total number of employees
within each group classification for whom it will approve a retirement
calculated under this section and, if participation is limited, the retirement
of employees with greater years of creditable service shall be approved before
approval shall be given to employees with lesser years of creditable service.

(4) Words used in this section shall have the same meaning as they are
used in said chapter 32 unless otherwise expressly provided or unless the
context clearly requires otherwise. An eligible employee who retires and
receives an additional benefit in accordance with this section shall be deemed
to be retired for superannuation under said chapter 32 and shall be subject to
all of said chapter 32, except that for the purposes of this section and
notwithstanding subdivision (1) of section 10 of said chapter 32 requiring a
member classified in Group 2 to have attained age 55 on the date of his
termination of service in order to receive a Group 2 benefit, any employee
eligible pursuant to the criteria established in this section, who is
classified in Group 2 and who is at least 50 years of age but not yet 55 years
of age, shall be eligible for a retirement allowance equal to that prescribed
for a member classified in Group 2 upon the application for the additional
benefit in accordance with this section.

(5) The total normal yearly amount of the retirement allowance, as
determined in accordance with section 5 of said chapter 32, of an eligible
employee who retires and receives an additional benefit under the early
retirement incentive program in accordance with this section shall not exceed
80 per cent of the average annual rate of his regular compensation received
during any period of 3 consecutive years of creditable service for which the
rate of compensation was the highest or of the average annual rate of his
regular compensation received during the periods, whether or not consecutive,
constituting his last 3 years of creditable service preceding retirement,
whichever is greater.

(6) Employees eligible to participate in the judiciary retirement incentive program pursuant to chapter 218 of the acts of 2001, employees eligible to participate in the retirement incentive program pursuant to chapter 219 of the acts of 2001, members of the state employees' retirement system, members of the teachers' retirement system and teachers who are members of the State- Boston retirement system, and employees of sheriff's departments shall not be eligible to receive any additional benefit provided pursuant to this section.

(7) Notwithstanding any provision of said section 5 of said chapter 32 that requires a retirement date within 4 months of the filing of an application for superannuation retirement in order to receive the retirement benefit provided by this section, an eligible employee shall file his application for retirement not later than a date determined by the executive authority, which shall be not later than December 2, 2003. The retirement date for eligible employees shall be determined by the executive authority and shall be not earlier than the effective date of this section and shall be not later than December 31, 2003. The retirement date for any elected official retiring under this section shall not be earlier than December 1, 2003. Notwithstanding subsection (b), the date of retirement for employees of a city retirement board and town retirement board shall be 30 days after the retirement date determined by the executive authority in the city or town. Notwithstanding said subsection (b), the retirement date for eligible employees of a county retirement board and regional retirement board shall be January 30, 2004.

(8) The executive director of the public employee retirement administration commission shall analyze, study and valuate the costs and the actuarial liabilities attributable to the additional benefits payable in accordance with the early retirement incentive program established by this section for each retirement system. The executive director shall file a report of his findings to the board, in writing, on or before December 31, 2004, together with copies thereof to the county commissioners, the regional retirement board, the mayor, the board of selectmen, the governing body of an
authority, the district committee or the regional school district committee, as the case may be.

(9) In accordance with section 22D of said chapter 32, the retirement board of a system which administers this section shall revise its retirement funding schedule to reflect the costs and the actuarial liabilities attributable to the additional benefits payable under the retirement incentive program in accordance with this section. In each of the fiscal years until the actuarial liability determined under this section shall be reduced to zero, it shall be an obligation of the applicable city, town, county, authority or district to fund such liability and there shall be appropriated to the applicable pension reserve fund in each such fiscal year the amount required by the funding schedule and the updates thereto.

(b) (1) A city, within a city retirement system, whose legislative and executive authorities have accepted this section, shall provide to employees of the retirement board of such city retirement system the same rights and privileges of the early retirement incentive program as provided in this section under the same terms and conditions of that retirement program. A town, within a town retirement system, whose legislative and executive authorities have accepted this section, shall provide to employees of the retirement board of such town retirement system the same rights and privileges of the early retirement incentive program as provided in this section under the same terms and conditions of that retirement program. A county whose legislative and executive authorities have accepted this section, shall provide to employees of the retirement board of such county the same rights and privileges of the early retirement incentive program as provided in this section, under the same terms and conditions of such retirement program.

(2) Employees of the retirement board of a regional retirement system, upon acceptance by the legislative and executive authorities of the regional retirement system, shall be eligible to receive the rights and privileges of the early retirement incentive program as provided in subsection (a), under the same terms and conditions as provided in said subsection (a) except that for the purposes of this paragraph and the paragraphs (3) and (7) of said
subsection (a), the executive authority of the regional retirement system shall be the regional retirement board and the legislative authority shall be the regional retirement board. Notwithstanding chapter 34B of the General Laws, any person serving as the fifth member of a county retirement board shall, on the effective date of this section, be eligible for re-election as such fifth member notwithstanding that such member is an employee, retiree or official of a constituent governmental unit within the system.

(3) Employees of the Essex Agricultural and Technical Institute who are members of a regional retirement system, upon acceptance by the legislative and executive authorities, shall be eligible to receive the rights and privileges of the early retirement incentive program as provided in subsection (a), under the same terms and conditions as provided in said subsection (a) except that for the purposes of this paragraph and paragraphs (3) and (7) of said subsection (a), the executive authority of the Essex Agricultural and Technical Institute shall be the board of trustees and the legislative authority shall be the board of trustees.

(4) Employees of the Minuteman Regional School District, Blue Hills Regional School District and Greater Lawrence Sanitary District who are members of the Minuteman Regional School District Retirement System, Blue Hills Regional School District Retirement System or the Greater Lawrence Sanitary District Retirement System, upon acceptance by the legislative and executive authorities, shall be eligible for the early retirement incentive program as provided in said subsection (a). For the purposes of this section, the executive and legislative authority for the Greater Lawrence Sanitary District shall be the district board.

(c) The executive authority in consideration of the benefits conferred in this section, shall negotiate to agreement any proposed changes of any payment due to the employees for total accrued vacation time and unused sick leave in accordance with chapter 150E.

SECTION 117. Notwithstanding section 63 of chapter 44 of the General Laws or any other general or special law to the contrary, during fiscal years 2004
and 2005, in a town, following a majority vote by the board of selectmen that is ratified by a special or annual town meeting, or in a city, following a majority vote of the city council and approval by the mayor, the proceeds of the sale or other disposal of real estate, including the taking by eminent domain by another governmental unit, but other than that acquired through tax title foreclosure, by a city, town or district, that exceed $500, may be applied for any purpose or purposes for which the city, town or district deems necessary during said fiscal years, except that the proceeds of a sale in excess of $500 of any park land by a city, town, or district shall be used only by said city, town, or district for acquisition of land for park purposes or for capital improvements to park land.

SECTION 118. Notwithstanding section 72 of chapter 44 of the General Laws or any other general or special law to the contrary, any funds received by a city, town or regional school district pursuant to said section 72 shall be considered unrestricted revenue of the city, town or regional school district. During fiscal year 2005 and fiscal year 2006, a city or town shall deposit in a separate account for expenditures by the school committee no less than 50 per cent of any such funds received. A school committee may receive a percentage of such amount that is larger than said 50 per cent if the committee negotiates an agreement with the executive body of the city or town to receive such a larger percentage. A school committee may make expenditures from the separate account for any lawful educational purpose without further appropriation. Any expenditure from said account on items qualifying as net school spending shall supplement the net school spending requirement of the district. The receipt of such funds shall not affect the calculation of the minimum required local contribution and state school aid as defined in section 2 of chapter 70 of the General Laws. This section shall apply, during fiscal years 2005 and 2006, only to cities, town, or regional school districts: (a) which receive a reduction of chapter 70 school aid of 15 to 20 per cent, as such aid is distributed in chapter 26 of the acts of 2003 and (b) whose net school spending requirement for fiscal year 2004 is less than its net school spending requirement for
fiscal year 2003 as such spending requirement has been calculated pursuant to section 3 of the general appropriation act for fiscal year 2004. This section shall not apply to any city or town that has finally approved its fiscal year 2004 budget before the effective date of this act.

SECTION 119. Notwithstanding any general or special law to the contrary, cities and towns may be eligible bidders on state contracts for maintenance of public ways, including, but not limited to, snow and ice removal. The secretary of transportation and construction shall file a report with the house and senate committees on ways and means and the secretary of administration and finance on the progress of this initiative no later than February 1, 2004. The report shall include, but not be limited to, the following: the number of municipalities which have bid for said contracts, the number of municipalities which have been awarded said contracts, the total mileage of the state highway system which is being maintained through such contracts, and a progress report on the promptness and quality of the maintenance work being carried out by said municipalities.

SECTION 120. (a) Notwithstanding any general or special law to the contrary, the department of housing and community development, in consultation with the department of revenue, shall establish a pilot mixed-use building rehabilitation abatement program for the purpose of stimulating the development of affordable housing in mixed-use structures. The department of housing and community development may approve applications from cities and towns for the creation of not more than 300 units of housing in each of the 3 fiscal years beginning in fiscal year 2004.

(b) No application shall be accepted unless it is accompanied by a signed agreement, approved by the department, between the owner and the municipality and binding on subsequent owners of the property, stating that 50 per cent of the housing units assisted by the abatement program shall be affordable to occupants whose income is less than 80 per cent of the median income for the area in which the city or town is located as defined by the United States
Department of Housing and Urban Development. A unit that meets the affordability requirements of the previous sentence shall continue to meet those requirements for 20 years or for the useful life of the property, whichever is longer. If the owner of property benefited by the pilot program fails to certify to the city or town and to the department of housing and community development compliance with these affordability restrictions, the city or town may place a lien on the property in the amount of the real estate abatements granted pursuant to the pilot program.

(c) Abatements granted shall be for the commercial portion of the property and shall not exceed 7 years duration. The amount of abatement granted shall be equivalent to the difference between the commercial and residential rate established by the city or town, unless the department of housing and community development finds that an additional amount is necessary to make the rehabilitation project economically feasible. In no case shall the amount of the abatement exceed 50 per cent of the established residential tax rate for the property.

(d) The department of housing and community development shall promulgate rules and regulations to implement the pilot mixed-use building rehabilitation abatement program.

SECTION 121. Notwithstanding any general or special law, rule, or regulation to the contrary, the Quabbin regional school committee may conduct a pilot program to provide additional flexibility in scheduling. The district may reduce the school year requirements contained in 603 CMR 27.03, but the district shall maintain a 5 day work week and it must fully comply with the structured learning time requirements contained in 603 CMR 27.04. The pilot program shall be subject to collective bargaining law, and to the approval of town meetings in each member town of the district. The district, in conjunction with the department of education, shall issue a report on the success of the initiative no later than March 1, 2004, to the house and senate chairs of the joint committee on education, arts and humanities, and the chairs of the house and senate ways and means committees and the house and senate clerks.
SECTION 122. Notwithstanding any general law or special law to the contrary, any city or town or combination of cities and towns may use any existing alternate financing structure including, but not limited to, those established pursuant to section 53F> of chapter 44 of the General Laws for police, solid waste, fire, sewer and water, without requiring the municipality or municipalities to seek approval by way of a local referendum question or other ballot initiative to implement the alternate financing structure. Approval by the officer or body granted executive authority and legislative authority in each city or town shall be considered sufficient. If a city or town uses an alternate financing structure pursuant to this section, there shall be no effect on any collective bargaining agreements.

SECTION 123. Notwithstanding any general or special law to the contrary, the city council of a city may, on recommendation of the mayor, transfer within the last 2 months of fiscal years 2003, 2004 and 2005, any amount appropriated for the use of any department to the appropriation for any other department. In a town, the selectmen or town council, with the concurrence of the finance committee or other entity established under section 16 of chapter 39 of the General Laws, may transfer within the last 2 months of fiscal years 2003, 2004 and 2005 any amount appropriated for the use of any department to the appropriation for any other department. Transfers under this section may not exceed, in the aggregate, 3 per cent of the annual budget of the department from which the transfer is made. A transfer under this section shall not be made from any appropriation for a municipal light department under chapter 164 of the General Laws or for a school district as defined in section 2 of chapter 70 of the General Laws.

SECTION 124. Notwithstanding any general or special law to the contrary, each sheriff receiving an appropriation in items 8910-0102, 8910-0105, 8910-0107, 8910-0108, 8910-0110, 8910-0145, 8910-0619 or 8910-0000 shall file a report with the house and senate committees on ways and means no later than
February 1, 2004 detailing the civil process fees charged by said sheriffs' civil process office, all revenue received from said fees, the compensation structure for deputy sheriffs engaged in the service of process, and the expenditure of revenues generated from the collection of said fees. Said report shall include, but not be limited to, the number of civil process transactions by nature and quantity performed by each civil process office or division annually, fee schedules per transaction for those transactions where section 8 of chapter 262 of the General Laws afford the sheriff discretion to set the fee, the organizational/corporate structure of the civil process office or division in relation to the sheriff's office, the role played by the state or county treasurer in the financial operation of the civil process office or division, an income statement for calendar year 2002, a breakdown of the types and amount of civil process served in 2002, a fee schedule for calendar year 2002, including a list of fees set at the sheriffs' discretion, the number of full-time, part-time employees and independent contractors utilized by sheriffs for the service of civil process, the compensation structure used to compensate for such civil process employees and independent contractors, the amount and nature of sheriff's office resources used to support the civil process operation in fiscal year 2002 and fiscal year 2003, the amount and nature of civil process resources used to support the operations and functions of the sheriff's office in fiscal year 2002 and fiscal year 2003, the amount of civil process revenues, if any, deposited into the General Fund of the commonwealth pursuant to section 5 of chapter 34B of the General Laws, the amount of civil process revenues, if any, deposited with the county treasurer pursuant to section 22 of chapter 37 of the General Laws, the amount of revenues retained by said civil process division or sheriff's office and the statutory authorization relied upon to so retain that amount, a five-year history of all revenues collected from civil process fees, revenues collected per civil process transaction for fiscal year 2003 and, a comprehensive list of all expenditures associated with all revenues generated from the collection of civil process fees.
SECTION 125. Notwithstanding any general or special law to the contrary, the commissioner of education and the chancellor of higher education shall prepare a report on vocational education programs at the postsecondary level offered or to be offered pursuant to sections 37B and 37C of chapter 74 of the General Laws for the purpose of determining the success and necessity of such programs, including but not limited to, an evaluation of the number of certificates or diplomas awarded, the demographic makeup of the student participants, and how and by whom such programs should be funded, including but not limited to, an evaluation of discounts and scholarships available and the level of contributions, if any, from the state, municipalities, and students. In preparing such report the commissioner of education and the chancellor of higher education, may consult with such parties as they deem necessary, including but not limited to, the Massachusetts Association of School Superintendents, the Massachusetts Federation of Teachers, the Massachusetts AFL-CIO, the Massachusetts Municipal Association, the Massachusetts Association of School Committees, and the Massachusetts Community Colleges Executive Office. SECTION 127. Notwithstanding any general or special law to the contrary, the division of purchased services of the department of procurement which,
under section 274 of chapter 110 of the acts of 1993, is responsible for determining prices for programs under chapter 71B of the General Laws, shall set all such prices in fiscal year 2004 at the same level calculated for fiscal year 2003 except the prices for those programs for Extraordinary Relief, as defined in 808 CMR 1.06(4) and provided further, that upon request of a program said division shall authorize a fiscal year 2004 price for the program to charge out-of-state purchasers at the price determined on the first Wednesday in February 2003 or pursuant to this section, whichever is greater.

SECTION 128. (a) Notwithstanding any general or special law in a city, town, district, or authority which accepts the provisions of this subsection, the appropriation for fiscal year 2004 and 2005 for the unfunded portion of said city or town's unfunded pension liability may be less than the amount required by the funding schedule adopted pursuant to this section or subsection 6A of section 22 or pursuant to a special act; provided, however, that in no event may the appropriation for such year be less than the normal cost component of the appropriation required by such schedule nor shall said appropriation be reduced by an amount more than the amount by which said city or town was reduced in local aid payments, either in the aggregate or only the amounts appropriated for the purposes of lottery aid and additional assistance in the aggregate, received pursuant to section 3 of chapter 184 of the acts of 2002, as further reduced pursuant to section 3 of chapter 26 of the acts of 2003. No city or town shall implement the provisions of this section without the approval of the department of revenue and the public employee retirement administration commission; and furthermore, no municipality may implement the provisions of this section if it has available a special statutory emergency reserve that requires at least a balance of 2.5% of prior year non-school departmental appropriations and said balance is fully unexpended.

(b) The decision to accept the provisions of this section shall be made by both the executive and legislative bodies of the governmental unit in which the employees are members of the system. notice shall be a summary of the existing funding schedule setting forth the
normal cost and the amortization component of fiscal year 2004 and fiscal year
2005 appropriations and a description of the estimated impact of reducing that
appropriation on future appropriations. This notice shall be submitted on or
before the fifteenth day after the acceptance of this section.

(c) Upon notification by the clerk of the legislative body of the amount
so appropriated, the retirement board shall notify the actuary who shall issue
a revised appropriation letter in accordance with paragraph (c) of subsection
(7) of said section 22 of said chapter 32. Notwithstanding any general or
special law to the contrary, the amount of the reduction in the appropriation
resulting from the acceptance of this section shall be expended solely for the
direct benefit of the employees and retirees of the governmental unit who are
members of the system.

(d) In any city, town, district, or authority which accepts the
provisions of this subsection, the retirement board of said system, shall, on
or before January 1, 2004, submit to the actuary a revised funding schedule
that incorporates the impact of reducing the appropriation for fiscal year 2004
and 2005; provided however that, notwithstanding the provisions of this section
or any general or special law, said revised schedule and any future updates
thereto may be designed to reduce the unfunded actuarial liability of said
system to 0 no later than 1 year after said fully funded due date if 1 year is
taken, but in no case shall the due date extend beyond June 30, 2028.

(e) In a city, town, district, or authority, the employees of which are
members of a county or regional system, the retirement board of said system
shall provide the notice of the option to adopt this subsection. In any such
system in which the appropriation is allocated in accordance with the
proportion that the aggregate of the annual rates or regular compensation of
all members of such system who are employees of any such governmental unit bears to the total of all such aggregates for all such members of such system, the actuary shall provide the retirement board with an estimate of the normal cost component of the appropriation and the amortization component of the appropriation required by such city or town for fiscal year 2004 and fiscal year 2005.

(b) The local appropriating authority, as defined in section 21C of chapter 59 of the General Laws, in each city and town with a port may submit to the voters at the next city or town election the following question, which the city or town clerk shall cause to be printed on the municipal ballot: "Shall the (city or town) accept the law that allows (city or town) to impose an embarkation fee of up to (amount not exceeding $1) on certain passenger ferry trips?" If a majority of votes cast on this question is in the affirmative, the city or town shall have accepted this section, but not otherwise.

(c) The operator of the ferry service shall pay the embarkation fee imposed under this section to the commissioner of revenue on a quarterly basis. The commissioner shall credit 100 per cent of the monies to any city or town which has accepted this section and does not share any harbor with any other city or town. For a city or town which itself has no ferry service but shares a harbor with a city or town which has accepted this section, 25 per cent shall be paid to said city or town, the remaining 75 per cent is to be distributed to the city or town which voted to accept the provisions of this section. All sums received by the commissioner under this section as embarkation fees, penalties
or forfeitures, interest, costs of suit and fines shall be distributed, credited and paid by the state treasurer at least quarterly upon certification of the commissioner to each city and town that has adopted this section.

(d) Any city or town which receives monies from this section shall deposit said monies in a special fund, to be solely appropriated for the purpose of mitigating the impacts of ferry service on said city or town. Monies deposited may be appropriated for services including, but not limited to, providing harbor services, public safety protection, emergency services or infrastructure improvements within and around the harbor of any city or town which receives monies from this section.

(e) This section shall take effect on the first day of the calendar quarter following 30 days after such acceptance of subsections (b) and (c), or on the first day of such later calendar quarter as the city or town may designate.

(f) Any city or town that votes to accept this section may also vote, in the manner prescribed above, to exempt commuter excursion fares from the embarkation fee and the text of the ballot question in subsection (b) shall so indicate. For the purposes of this section, commuter fare shall mean any fare paid for through the purchase of a book of multiple tickets, through the Steamship Authority's "Islands Preferred Excursion Program," or through the purchase of a pass.
